Angel Fund Foundation, Inc. is a non-profit organization developed to help meet the financial needs of cancer patients in the Texarkana area who qualify, are undergoing treatments, and have limited means of financial support.

As Angel Fund Foundation has distributed funds to cancer patients in the Texarkana area due to the outpouring of generosity from not only grants but individuals who have heard the appeal, we have received great positive feedback. One cancer treatment center said, "the last thing they (cancer patients) need to worry about when they are going through this is a large bill. Angel Fund Foundation is wonderful!"

Another cancer patient receiving funds from us wrote, "I want to thank Angel Fund Foundation for the monetary gifts and prayers. I am finishing my chemo treatment and still have more surgery to go, but with God's guidance I will overcome it all."

Please don't stop your concern and your giving. Calls are coming in every day with requests and needs. A volunteer program is kicking off to help provide guidance to these cancer patients as they try to make ends meet and to LIVE!

Join us in this fight, and get the word out to Texarkana and the surrounding area: there IS hope!
